PAPER

**Please find below and/or attached an Office communication concerning this application or proceeding.**

The time period for reply, if any, is set in the attached communication.

Continuation of No. 5: The proposed amendment will not be entered because newly submitted claims 3, 5 and 6 are directed to an invention that is independent or distinct from the invention originally claimed. The originally claimed invention is a composition of matters, while the new claims are directed to a method of using a composition, which has not been considered during the previous prosecution.

Continuation of no. 11: Applicant's arguments are based on the newly submitted claims, which are moot as the claims are not entered at this time.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to GINA C. YU whose telephone number is (571)272-8605. The examiner can normally be reached on Monday through Friday, from 8:00AM until 5:30 PM.
